____________________________________________________________________________
____________________________________________________________________________

Brief project description including a hypothesis or research question the student will address.
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

All students taking BIOL 4910 must:

1) **Before registration.** Complete on-line CITI training (www.citiprogram.org) prior to registration and include a digital copy of the Responsible Conduct of Research (RCR) Basic Biomedical completion report and the Conflicts of Interest Mini-course to this form. If these documents are not provided, BIOL 4910 will not be approved.

2) **At the end of the semester.** Submit a written report summarizing research activities by the last day of MWF classes. Students must submit one copy of the report to their instructor and email a second copy to PURL via email (purl@gsu.edu). The required cover sheet and the format guide for the report are available in the Biology Office and on the Biology website (www.biology.gsu.edu).

I have read and agree to the requirements listed above.
