

BIOL 4910 REPORT FORMAT

All students enrolled in **BIOL4910** will be required to submit a research report. Students must submit this report to their BIOL4910 instructor and email to PURL@gsu.edu by the *last day of MWF classes for the semester* (refer to the University academic calendar for the exact date). While reports commonly are 10 double-spaced pages in length, the goal is to clearly and scientifically present the research background, findings, and interpretation of the effort. The report should include the BIOL 4910 cover sheet (available on the Biology website).

Report Structure:

- I) **BIOL4910 cover sheet** (available on the Biology website)
- II) **Introduction.** Briefly introduce the project goals and significance within the context of the scientific literature or relevant results obtained prior to the past semester of research effort.
- III) **Methods**
- IV) **Results**
- V) **Discussion.** Interpret the results within the context of the scientific literature, implications of the results, and outline future plans.
- VI) **Literature Cited**
